

EAN
membership –
the world
of neurology
at your
fingertips

Seven Reasons to become a member of EAN

1

Get connected

Become a valuable member of the leading European neurology network. The European Academy of Neurology is the most influential professional society for neurology in Europe, representing around 45,000 neurologists and national society members from 47 countries, and Corresponding Members from all around the globe.

2

Boost your career

EAN supports you throughout your professional life. Whether you are a student, resident, scientist, general neurologist or sub-speciality expert, there's a membership package to match every career stage to meet your professional needs.

3

Save Money

Profit from discounts on fees, for example registration for the annual EAN congress and receive entry to the Members' Lounge. Organise meetings with your colleagues via the GoToMeeeting app in MyEAN. AAN members from outside Europe get a 10% discount off EAN membership. Members from EAN member countries get a 10% discount off AAN membership.

4

Keep learning

All members can make use of vast educational and knowledge resources, including the current online issues and the digital archive, or a reduced subscription for the printed European Journal of Neurology. Get unlimited free access to online resources such as the Guideline Reference Centre, eLearning platform and on-demand webcasts.

Shape the future

Promote excellence by driving cutting-edge science and innovative therapies for a better life. Take an active part in a dynamic international community, contribute by exercising your voting rights and lend your expert voice to neurological innovation and European health policies in support of the increasing number of people in Europe with neurological diseases.

Make a difference

Whether you are a generalist or a sub-specialist, reach a broader audience to share your research, represent your nation's interests and present your scientific achievements.

Go global

Become part of an inclusive global community that integrates all different fields of neurology. Neurologists outside Europe, physicians of other medical specialities and allied health professionals directly involved in patient care are welcome to join as Corresponding Members of EAN.

Providing an accurate diagnosis and the best therapy for our patients all over Europe

Make a difference and become part of Europe's largest neurology network

EAN represents around 45,000 neurologists in 47 European countries with a total population of 900 million people – from the Atlantic Ocean to Bering Sea, from the Barents Sea to the Mediterranean. According to the latest estimates, one in two people will have a neurological disease at some point in their life. Extended lifespans are also leading to a significant increase in neurological disorders such as stroke, Alzheimer's and Parkinson's disease. It is our vision to provide every single one of these patients with the best possible diagnoses and therapies.

And we are on course to succeed. Neuroscience has made huge leaps over the last two decades. It is now widely seen as one of the most important medical disciplines of the 21st century.

Our aim is to share this expertise with as many neurologists as possible in our member countries, and beyond. EAN provides access to continuing medical training and education, international knowledge resources and platforms that allow cross-border communication between colleagues.

You, too, can become a valued participant in this project, no matter your specialty.

Let's all strive for excellence in neurology together.

ON OUR SHORES, THE OBVIOUS NEEDS DEEPER EXPLORATION.

LET'S DIVE FOR IT.
TOGETHER.

A rugged island in the wilderness of the Baltic sea on the shores of the peninsula Kirr in north eastern Germany.

EAN Membership

ean.org/join

All EAN members

incl. members of national societies¹ get access to

- ✔ *The European Journal of Neurology* online
- ✔ EAN Guideline Reference Centre
- ✔ Reduced congress registration fees
- ✔ eLearning platform
- ✔ Monthly mailshots of our electronic newsletter EAN pages

MyEAN -
manage your membership in our online community platform

my.ean.org

*Savings

Reduced registration fees for the annual EAN congress.

EAN-AAN shared membership: AAN members from outside Europe get a 10% discount off EAN membership. In reverse, members from EAN member countries get a 10% discount off AAN membership.

If your place of work is in a low/low middle-income country (as defined by the World Bank), you are entitled to a **50% discount**.

If your place of work as a Resident and Research Member is a low/low middle-income country (as defined by the World Bank) **you pay a reduced fee of € 25**.

If you are a retired neurologist, you are entitled to a **discount of 50%**.

After 30 September, all fees go towards the following year.

¹ European national neurological societies that are Full Institutional members of EAN.
² Please contact membership@ean.org to receive your discount code.

Full Member

You are already established as a qualified neurologist.

Get connected and visit the annual congress

- ✔ Access to the Members' Lounge
- ✔ Access to congress webcasts
- ✔ Have your picture taken at the EAN photobooth
- ✔ 20% off congress registration fee when you participate in the European Board Examination in Neurology
- ✔ Free virtual participation at the congress

Network and expand your knowledge

- ✔ Right to purchase the *European Journal of Neurology* at a reduced rate
- ✔ Full Members are eligible for a 10% discount on their APC for publishing OnlineOpen in the *European Journal of Neurology*²
- ✔ MyEAN: free webconferencing tool
- ✔ Participate in EAN Scientific Panels
- ✔ Apply for EAN grants
- ✔ Online learning platform

Shape the future of EAN & participate

- ✔ Voting rights & Committee participation

Fellow of EAN (FEAN)

Are you leading the way in neurology? Get special recognition for your service to neurology and EAN.

How to become a member

Application process

In your MyEAN account (my.ean.org) you can either apply for membership, or upgrade your current one. The system will automatically select the right type of membership for you, based on the application form. Please upload your CV and any other required documents to complete the application.

What documents to submit

Please upload **your CV** and the following documents, based on your membership:

- **Fellow of EAN application**
a cover letter detailing your important achievements and a list of publications
- **Resident & Research Membership application**
an official confirmation/certification of your (ongoing) training in neurology or PhD studies in English
- **Student Membership application**
a brief explanation of your special interest in neurology and the reason for requesting membership and your student ID

Who reviews your application

Full, Corresponding and FEAN applications are reviewed by the EAN Secretary General. RRFs and Student applications are reviewed by the RRFs Secretary.

Membership renewal

Your EAN membership can be conveniently renewed at the start of each calendar year in your MyEAN profile.

Drive your excellence in

HOME

Join the RRFS Section

Platform for junior colleagues to encourage intercultural exchanges and support tackling upcoming challenges of modern doctors.

Join a Committee

EAN Committees carry out core activities and actively shape the society on all matters, ranging from education to congress programme.

Become or elect a Delegate

The Assembly of Delegates is the democratic heart of EAN, consisting of Individual Delegates and National Delegates representing EAN individual members.

Join the Board

The Board is responsible for the day-to-day management of EAN. Major decisions made by the EAN Board must be ratified by the Assembly of Delegates.

RESEARCH

Join a Scientific Panel

Scientific Panels are the backbone of EAN. They cover a wide range of subspecialties and play a significant role in EAN's everyday activities. These member-led groups are a perfect opportunity to:

- **network with colleagues and trainees**
- **produce guidelines**
- **create the congress programme**
- **review fellowship applications**
- **contribute to EAN's online content**
- **cooperate on EU matters**

European Journal of Neurology

Get involved in EAN's journal and contribute with articles.

neurology with EAN

LEARN

Apply for fellowships

Clinical Fellowship, Research Fellowship, Student Teaser Fellowship

Attend EAN Schools

EAN offers annual Spring, Autumn and Science Schools to neurologists in training and those in the early stages of their career.

Organise an EAN-Day

The EAN-Day aims at bringing excellent teaching and special recognition by EAN to our Institutional Members, the National Neurological Member Societies.

Become a Host Department for fellowships

EAN looks for departments that are ready to accept a visitor between 6 to 12 weeks.

Apply to organise a Regional Teaching Course

RTCs aim to bring teaching excellence to countries that are not able to host an EAN congress.

MEET

Attend the annual congress

Meet the lively network of colleagues and get the resources to boost your career. Sessions range from teaching courses and focused workshops, over high-quality symposia and named lectures to presentations of most recent scientific progress and allow participants an individualized update on every aspect of neurology.

Present your work

Submit your abstract to present your work in front of peers.

Compete in the Tournament

The best abstracts received compete in the EAN Tournament sessions and the winner receive free registration for the next congress, hotel accommodation and a travel grant.

OUR ADVENTURE INTO THE UNKNOWN IS NOT A SOLO EXPEDITION.

LET'S EMBARK ON IT.
TOGETHER.
